A motivated team worker who believes in pushing the limits and commitment without compromise. As a tech enthusiast, I excel at breaking down bugs and is looking for a working space that escalates growth and guarantees up-to-date knowledge.

PROFESSIONAL SUMMARY

- » Overall 3.5+ years of development experience in **React, JavaScript, HTML/CSS, PL/SQL**.
- » 1 year of development experience in **React JS**.
- » Working knowledge of front end optimization and performance techniques.
- » Translated designs into high quality code and wrote application interface code via JavaScript following **React JS** workflows.
- » Determined the structure and design of webpages based on user requirements and balanced functional & aesthetic designs.
- » Designed multiple dynamic and browser compatible pages using **HTML5, CSS3, JavaScript (React, Redux)**
- » Worked as a **PL/SQL** developer in an agile team.
- » Hands on experience with **Jira** tools and **GitHub**.
- » Working experience in **ODI** (Oracle Data Integrator) 11g and 12c version.
- » Worked on **SOA** (Service Oriented Architecture); Both admin and EM consoles of 11g and 12c.
- » Possessing good analytical, communication, team building skills and ability to think out of the box.
- » Flexible, able to work effectively in a team environment or as an individual contributor.

TECHNICAL SKILLS

Programming languages:

- » React
- » JavaScript
- » HTML/CSS
- » PL/SQL
- » SQL

Tools/Editors

- » SQL Developer
- » Visual Studio Code
- » CMD

Databases

- » ORACLE
- » MongoDB

SELF INITIATED PROJECT

Created a simple **Next JS** sample project with **Mongo Db** in the backend.

EXPERIENCE

TCS Trivandrum

May 2019 - Present

IKEA

- » Identified web-based user interactions and developed highly responsive user interface components using **React** concepts.
- » Design, develop and test **HTML, CSS, JavaScript & React**, that meets accessibility and web browser standards for website.
- » Designed and coded application components in an **Agile environment** utilizing a test driven development approach.
- » Provided programming estimates, identified potential problems and recommended alternative solutions and participated in end-to-end **SDLC**
- » Created functions, procedures and packages and executed jobs through **sqlplus**.
- » Working with other developers to design, develop, test, document and deploy applications and services as part of future projects.

TCS Kolkata

April 2018 - May 2019

Cummins MW offshore support

- » Worked on **SOA** (Service Oriented Architecture); Both **admin** as well as **EM** consoles of **11g** and **12c** for payload retrieving, finding the failure instances, manual reprocessing and more.
- » Developed Business Process Execution Language (**BPEL**) using **Fusion Middleware 12c**.
- » Experienced in **ODI** (Oracle Data Integrator) console (11g and 12c) for scheduling jobs, finding the failures, schema mapping etc.
- » Worked on **OSB** (Oracle Service Bus) 11g and 12c.
- » Adept at monitoring and maintaining performance and troubleshooting & debugging the same to enhance the overall performance by clearing the **stuck threads** and releasing dead locks in database.

TCS Ahmedabad

Oct 2017 - Feb 2018

Initial Learning Program

- » Got training in **Oracle EBS**, which covered Java, Linux scripting and **Oracle ADF**.

EDUCATION

2013 - 2017

BTech in Mechanical Engg,

GEC Barton Hill,

Kerala University
